Board members,

Ara confirms that their numbers are accurate. Just a correction, my questions should have been asking about the Architectural Access Board, not building code.

The building department will check his numbers again at the building permit stage.

Thanks,  
Robert Hummel

The language is taken from section 9 of 521CMR. I will bring you a hard copy of this section. The % numbers are accurate.

Glenn,

At last night's Planning Board meeting, Jack Dawley presented the following slide about the proposed dwelling's accessible component. The board asked me to check with you to confirm that this is correct under the state's building code.

Thanks,  
Robert Hummel
